Babysitting Boot Camp will provide campers with the information and skills necessary to provide safe and responsible care for children. Participants will develop skills in leadership and professionalism; safety and safe play; and first aid. They will leave with the knowledge, skills and confidence to care for infants and school-age children. We will combine activities, daily hands-on skills training, video, role playing, and discussion for a complete learning experience. Campers will also have a daily opportunity to observe and interact with babies and toddlers enrolled in Kiddie Calvert. They will draft a resume, practice making healthy snacks, design appropriate games and activities for children of all ages, and more!
